Dedication:

We'd like to dedicate this year's concert to Doris Whalen. This concert was born sitting around her kitchen table. She never missed a concert and created our beautiful donation box each year and watched over it at every show. She even made a cameo appearance in the concert one year. She loved to shop for the kids the day after the concert. She is the mother and grandmother and great grandmother to more than 50% of our cast. She will be dearly missed.
